O Loop Utilities

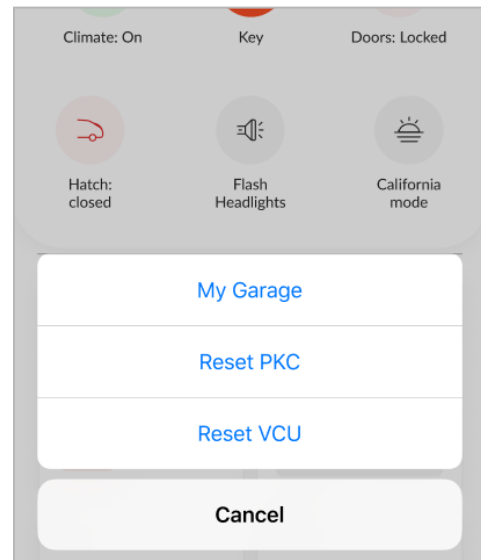

Single Car Mode (default) 1. Tap [Go to Car Dashboard]	
Dashboard View 1. Tap the highlighted 'Utilities' icon in the upper right corner 2. The utilities menu will display at the bottom of the screen (see below)	

O Loop v.1.3.1 User Guide

The 'Utilities' Menu

Each feature below is detailed in a following section

- **My Garage**
Manage your Fisker Ocean with family and friends
- **Reset PKC**
Resets the PKC (phone key controller) for your Fisker Ocean
- **Reset VCU**
Resets the VCU (vehicle control unit) for your Fisker Ocean
- **Cancel**
Dismisses the menu

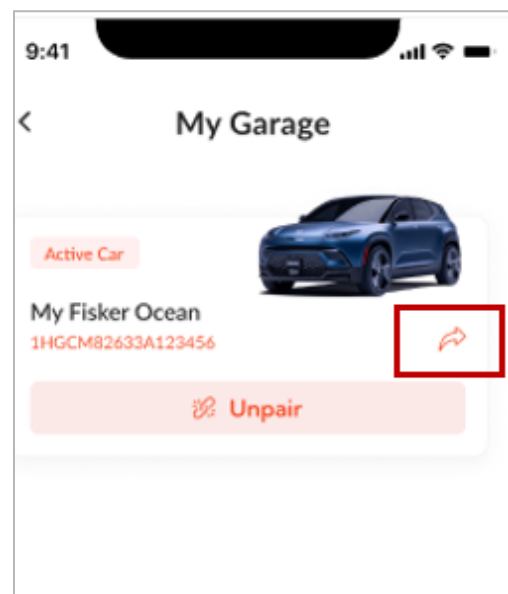

My Garage Features

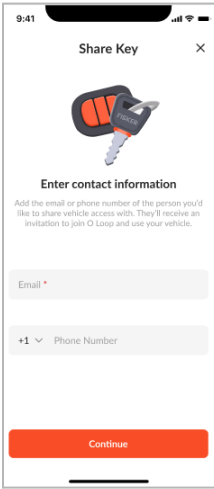

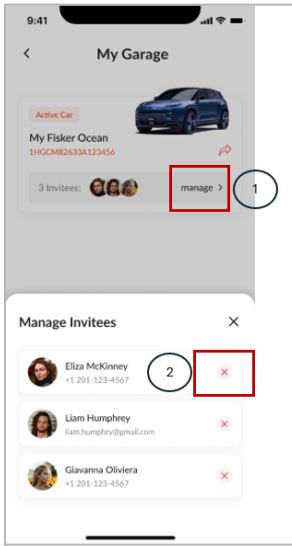

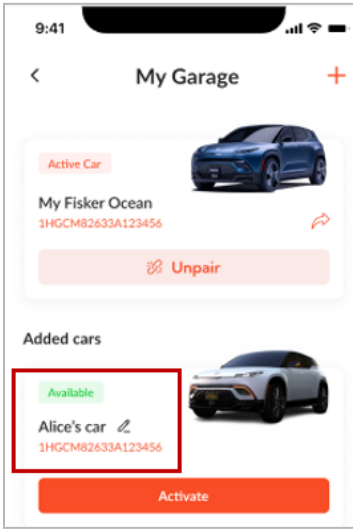

Sharing Your Ocean

Default view with a single Ocean in the Garage

- Note that only your vehicle with VIN is displayed
 - The action button will be pair or unpair based on the current state of your connection to your Ocean
1. Tap the 'share' icon - it looks like a right arrow as highlighted in the image

O Loop v.1.3.1 User Guide

1. Enter an email for the person that will have access to your Fisker Ocean 2. Enter a cell number for Ocean related texts to that person 3. Tap [Continue] 4. In the confirmation popup, you can tap to 'share' or 'cancel' <i>*note that the user will receive an email & text informing them of the offer to add your Ocean to their garage</i>	
1. To modify the list of people that you share your Ocean with, tap the [Manage] button (see 1) 2. In the Manage Invitees panel, you can tap the [X] next to a user to revoke their permissions (see 2) <i>*note that the user will get an email and text informing them of the revocation</i> 3. You can always add them back again using the arrow next to your Ocean in Garage view	
Accepting a Share • You will receive an email and a text when someone adds their Fisker Ocean to your Garage • The second vehicle is now displayed in your Garage 1. Tap the 'edit' icon to change the name to something easily recognizable for you 2. Tap [Activate] to display this vehicle on your dashboard and interact with it	

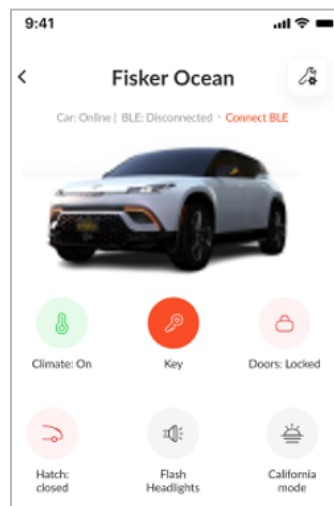

O Loop v.1.3.1 User Guide

Activating Another Ocean

When you activate another Ocean, it becomes the focus of your dashboard.

- The image will update appropriately
- Using any features (e.g. lock/unlock) will affect the car that is now in focus
- Using any utilities (e.g. reset PKC) will affect the car that is now in focus

**note that you can switch back to your own Ocean at any time in My Garage*

Reset PKC

Phone Key Controller

- **Required**
 - Your vehicle must be online
 - Your vehicle must be parked
- **Description**
 - Resolves an OEM issue where door locks and in-dash key reader don't work
 - This feature resets the module that manages communications between your Ocean and both the NFC door handles and the physical key fob
- **Results**
 - The vehicle will show no indication when this feature is used
 - Your fob and door handles should function normally (if not check fob battery)

O Loop v.1.3.1 User Guide

Reset VCU

Vehicle Control Unit

- **Required**
 - Your vehicle must be online
 - Your vehicle must be parked
 - Your vehicle must not be charging
(although this feature will work while charging, it is safer to disconnect from any charging station prior to using)
- **Description**
 - Resolves an OEM issue where charging your vehicle is not optimized
 - This feature resets the module that manages your Ocean's charging system
- **Results**
 - The vehicle will make an audible sound as the reset takes place
 - Some vehicle systems will visibly reset during the process
 - Charging will be optimized, your car will charge faster

Ride-Hail Service

GO Loop in Seaport Boston

- The ride-hail module is only applicable to participants in a pilot program being run in the Boston Seaport District. Fisker Oceans as sustainable transportation as a service.

Known Limitations

- The dashboard does not show the active vehicle's name (but does update the image)
- Only the original sharer of a vehicle can remove their Ocean from your Garage
- A shared vehicle is automatically accepted into the recipient's Garage
- Each Ocean VIN must be owned (associated) with a unique subscriber account (email) in the Ocean Loop system. If you personally own more than one Ocean, you'll need to create a second account and add it to your primary Garage
